WEB DEVELOPER | EXCEL VBA DEVELOPER | POWER AUTOMATE DESKTOP

PROFILE

Motivated Software Engineering undergraduate specializing in Web Development, Excel VBA automation, and Power Automate Desktop. Analytical, detail-oriented, and eager to grow with a forward-thinking organization that values initiative, teamwork, and technical talent as a genuine competitive edge.

EDUCATION

Degree	Year	Board / University
BSSE — Bachelor of Software Engineering (Undergraduate)	2023 – 2027	Emerson University, Multan
ICS — Intermediate in Computer Science	2023	BISE Multan
Matriculation	2021	BISE Multan

WORK EXPERIENCE

Web Developer, Excel VBA & Power Automate Developer

HashTurn | *Present*

- Developing and maintaining responsive front-end web applications using HTML, CSS, and JavaScript.
- Building and automating Excel VBA macros and Power Automate Desktop flows to streamline workflows and improve reporting efficiency.
- Collaborating with the team to deliver quality solutions within project timelines.

PROJECTS

HashTurn — Company Website

Next.js | React.js | Node.js | PostgreSQL | Vercel

- Developed a full-stack corporate website and custom CMS for HashTurn using Next.js 14 (App Router) and React.js, ensuring SEO optimization and fast page loads.
- Built a secure admin dashboard to manage blogs, team members, and projects, backed by PostgreSQL (Neon) and Vercel Blob for image storage.

HashTurn — Cloud VPS Hosting Platform

Next.js | React.js | Node.js | PostgreSQL | Vercel

- Built a second company website for HashTurn — a Cloud VPS hosting platform with pricing plans, order/checkout flow, and customer login/support pages.
- Implemented one-click self-hosting deployment options (WordPress, n8n, Nextcloud, Docker & Portainer) as part of the service offering.

Sales & Inventory Automation System

Excel VBA | Microsoft Outlook Integration

- Automated multi-file sales data consolidation and real-time inventory tracking with de-duplication, validation, and low-stock alerts.
- Built automated KPI reporting with a dashboard, PDF export, and pre-filled Outlook email dispatch, plus an interactive UserForm for full CRUD operations.
